

EUROPEAN SURVEY ON QUALITY OF CARE

On Rare Disease Day 2018, the European MEN Alliance (EMENA) launched a patient survey to assess the quality of care for Multiple Endocrine Neoplasia (MEN) patients throughout Europe.

Calling all patients with MEN1, MEN2a, MEN2b and MEN4! Please take a few minutes to complete the survey about the care they receive. The anonymous results will be important to help guide the work of EMENA, national MEN advocacy groups and the Endocrine European Reference Network (ENDO ERN) in guiding improvements in equality of access to the best care and treatments throughout Europe.

The survey is available in 6 languages at the following link:
